

Guideline for Submissions

M3 Dialogue welcomes contributions from researchers and policy-makers around the world. We look for reflected and innovative contributions relating to any of our three main topics: Migrants, Minorities and Marginalization.

M3 Dialogue contributors are encouraged to write pieces that are between 800 and 2000 words in length.

All pieces should be submitted in the following format:

- Font: Arial
- Size: 11-point

If your piece is accepted, we will return it to you before publication with our suggestions. Please make sure that your work is adequately and consistently referenced.

We do not pay for articles.

Please send your contributions to jmr217@cam.ac.uk
